**STREKE** has been tested as TB/TB homozygous. He is very intelligent and athletic. **STREKE** is a great horse to ride, he puts his heart into everything I ask him to do. Does nice lead changes, collects, getting great rollbacks and pivots. I have used **Streke** as a turn back horse for cutting. His foals are athletic and a joy to ride.. *Not only would you get talent, color is included! Current shots, negative pre-breeding culture required.*
